IT IS REPICULOUS FOR LANDLORDS WITH ONE OR ~~OR~~ MORE 4 plex units to PAY SUCH HIGH PRICES FOR WATER + SEWER WHEN SOME DON'T HAVE ANY YARD TO WATER AND USE ONLY 10,000 TO 40,000 GALLONS PER MONTH. WHY AREN'T THEY CHARGED ON A PER GALLON BASIS LIKE OTHER TOWNS DO??

There are far too many liquor and wine outlets in town. Now a local business is applying for a wine tasting - will that also turn into another bar? If a business can't make it selling their goods, do they need to go into wine tasting?

People in Grand Jct. refer to Palisade as "Boozeville."

Why go any further with the old high school. It could have been torn down and a new building, all on one floor, could have been built at less cost.

Love Living in Palisade Small Town atmosphere People friendly

Is there anything else you would like to share? Yes, this town wastes too much money on things nobody cares about. Start putting the money into things "we" can use --- Playground equipment, a decent skatepark, maybe a water park. Family friendly Restaurants - You can't take a family to "IL Bistro" or "Roses", the "new Palisade Cafe" is awful. Do something w/ downtown besides "art galleries". Enforce the Code and make people clean-up their yards, apartment complexes and such. Give this town back to the people who live here and stop focusing only on the tourism.

- Infrastructure (sidewalks, streets, water/sewer/gas lines) need to be priority.
- Recreation needs more emphasis.
- Thank you for this opportunity to share thoughts + opinions!

TOWN SHOULD SELL BOTTLED WATER,  
RENT PICNIC SPACES ON WATERSHED

Keep Palisade small, make it a nice place for tourism & their money. But palisade should not grow to big & sellout like Fruita did. Work on the roads, some can be very bumpy. A dog park, add police & fire dept info to town website.

I read how Kluge has been restored, but it is only 1st street to 3rd Does the Chamber of Commerce think everyone comes off the interstate. Some drive all the way to Highway 6, from this direction they see weeds + dry grass. (This is kept out since a volunteer showed the city how nice it looked) Much of it is state right of way. Water availability is a problem. The city made a beautiful park at Riverland. I believe they can get rid of the weeds. Plant some trees

The ~~the~~ crosswalk people use during the Peach Festival (Between Iowa + Alberta across highway) Needs raised steps on both sides of the highway. We need to get our streets fixed. Iowa to 3rd sidewalk both sides. Kluge to 3rd + get sidewalks on both sides of street. Main street highway to 3rd

When I moved here in 1997 the water/sewer and trash bill was either \$32 or \$35<sup>00</sup>. It's now at \$81.32. That is an obscene rate of increase, and it just keeps going up. Don't tell me what other communities charge - I don't care I live here, we are not made of money. STOP already!!!

The town says they're short of funds but there was money to change out useful street signs (the green ones) for "new red ones. What the heck was that all about? What a waste and poor judgement.

Thank you for taking the time to complete

I think getting rid of the sewer ponds is a must. Expanding the park into this place would be a real bonus for Oalissade.

Also thanks for trying to get the River Kayak park. I hope it will happen in the future.

Also - we need cheaper water for lawns! As a "tourist" destination, nothing looks better than beautiful grass, plants + trees in the yards of town. Dirt + weeds make town look like a dust bowl depression. This would help business, too.

Thank you for taking the time to complete

Keep Palisade a

I think you should reconsider  
allowing a chain store move  
in downtown. How hard is it  
to have a public meeting?

The "agricultural village atmosphere" of Palisade will be lost if all the openness is taken away by infilling for new homes. Visitors (I and my neighbors) love the rural feel Palisade has. The openness and slower pace make this a very special place.

Would like to have street maintenance during + after snow storms.

...anything else you would like to share:  
I think that if you want to improve the town of Palisade. You should provide people with the things that they need not what the Govt wants. The town needs its Irrigation water that we all pay for in our taxes every year but don't get. If you want it to be an agricultural community, you have to let it be just that and stop trying to make it a tourist trap.

is there anything else you would like to share?

We choose to live here because it offered us the opportunity to raise our children in a safe and healthy environment. We would like to see Palisade continue to thrive and grow but not at the expense of our safety.

① The town bought new "red" street signs for "better" visibility - that was okay - but paying to add the logo was silly. you can not tell what it even is unless you stand right by a sign. It was an unnecessary expense to satisfy the egos of a few.

② If the town is so worried about improving the town's image, then why not do something to mask the mess the mess on 8th west of Dion's to the Parking lot. The new town trader park presents a ghetto image to visitors

Palisade is a wonderful small  
community to live in or near. The  
qualities that make it so should be  
maintained. It doesn't need radical  
change, nor excessive growth. The town  
government is doing a good job with limited

Winter 2009 - I called because the road going  
up to Exit 42 was terribly icy & cars were sliding & getting  
stuck even a tanker truck had to stop & put on chains  
to get up to the Exit. No response & still in 2011 not enough  
sand, cinders, or salt is put out to go up to Exit 42.

I, Also, called to have my water meter repaired  
because the wires to the meter are old & the wire covering  
has come off. I did receive calls but no replacement  
& then I notice my neighbors has been fixed.

I am very concerned, disappointed and suspicious of the approval of a chain store.

I am concerned that the current Board and staff may not be in touch with the community - only a vocal minority of anti-tourism folk.

Also, who is the town to discourage groups from having festivals. The town doesn't put those on anyway.

I wish the Town would maintain the roads in the winter. It is frustrating that Palisade doesn't clear or sand the streets in town. That seems very unsafe to me.

I would like to see Palisade open a museum, possibly in an old, historic house to share <sup>the town's</sup> its history.

Palisade has excellent schools!

Also, if you are going to advertise & announce this survey on the digital signs in town, you should have sent it out on the same, beginning day. The digital signs were "talking" about this survey for at least a week before it was even sent. This should have been coordinated better.

More Community events/activities other than festivals.

A Community Arts theater for plays, musicals, etc.

Any added things so that residence don't have to go to Grand Junction or elsewhere.

No fast food businesses should be added.

Glad The Mayor was removed. Other Trustees should quit sitting on their hands. Think outside the box, bring in DAIRY QUEEN or similar BUSINESS. Get rid of Good old boys, do what's good for the residents.

Please keep up the Good Work. I moved here in 2005 and have seen many great improvements. It is a more attractive town & place to live as a result.

The town should take the lead or ~~take~~ have a significant role in providing access to irrigation water. All of the lots in Palisade have the right to use Palisade Irrigation District water for irrigation, but many do not have access due to a degraded system or an abandoned delivery system. The town is responsible for the degradation of the system, historically the town government did not recognize the significance of a separate water delivery system for Palisade. It will only become more difficult in the future to upgrade the system and more expensive to use domestic water for irrigation. Irrigation water improves property values and makes our town beautiful!! 😊

THE TOWN HAS BEEN MANAGED FOR TOO MANY YEARS BY OLD RESIDENTS WITH AGENDAS AND ALLIENCES THAT ARE NOT IN THE BEST INTEREST OF THE GROWTH OF THE TOWN OF PARSIPPOE. UNLESS THEY, OR THEIR ATTITUDES, CHANGE NOTHING WILL CHANGE EXCEPT THE VACANCY RATE OF THE RESIDENCES, BUSINESS'S AND TOWN.

Who wrote this survey? I think someone needs to be do it.

We, the entire nation of America are mired in recession + or over low years. They report that maybe we are on the verge of recovery. But not yet here on the Western slope of Colo. The unemployment rates in Mesa County are still around 10%; home values continue to fall; the foreclosures are up 47% from a year ago according to the last issue of the Business Times.

It is not easy to run a small town administration such as Palisade. Keep it safe, attractive to visitors and prosperous. I know your hard work and appreciate your efforts. But I cannot understand the town gave employees pay raises and hired new employees contrary to the budget cuts and lay-offs by the City of Grand Jet and County of Mesa governments. Are we really that better off? Our side streets are crumbling; have not been resurfaced for way too many years.

Today, it is a blessing to have a steady job. Please operate within the Palisade revenue, balance the budget and keep up the good work to help us all to get through the difficult economic times we are experiencing now. Thanks. Sincerely, A Concerned Citizen.

I think what is reasonable is to decide what population goal make sense and plan all services and growth (both size and type) to fit that population's needs. My personal image for Palisade is for it to be an agrotourism center with the services desired by that audience. It is the entry way into our town, our community. I see it up for sale. It would be awful to see it developed.

Can the land around the road (front str.) from the bank into town be kept nicer? Landscaped? Again - it is the entry into town & shouldn't be weedy & unkept.

We recently moved to Palisade. Since we moved here the sewer cost has raised twice. The cost was already high enough and now is even higher. Why didn't the city officials implement a plan many years ago to take care of the growth instead of waiting until the last minute and raise our sewer cost \$50 over 5 years, to cover cost of new sewer plants. Which is more than most people pay other places.

There are a lot of retirees on a fixed income in Palisade that can't afford this high cost.
